

PROMARINE

**"THE NEXT
GENERATION
OF BUSINESS
YACHTING."**

OUR VISION

ProMarine to provide professionalism from our knowledge within the industry for our expertise and advice to our clients in the negotiations for sales and purchasing.

OUR MISSION

To provide the best service and ensure the best experiences for our client's future and thoughts.

OUR CORE VALUES

ProMarine are committed to working 24/7 in communications and addressing client inquiries.

DETERMINATION & PASSION

To share our customer needs and enjoyment with their nautical experience.

TEAMWORK

Building relationships, looking after our brands and clients.

OUR GOALS

We wanted to be known as who we are in focusing on what we do, in delivering the high standard customer service required to our clients, and to be remembered for who we are for our professionalism.

We have been operating in Southeast Asia's for almost 3 decades, our experience & knowledge of the industry here is what gives us unique position on yacht brokerage in the region.

We pride ourselves on our deep knowledge of all aspects of marina businesses, Business Development, Real Estate, Mentoring Training, Sailing, Chartering, Marina Designs, Insurance, Tourism, and most importantly, our commitment to your peace of mind when you buy or sell a vessel.

The team finds absolute pleasure in providing our clients a one-stop-concierge service related to all their business yachting needs. It will too, be our pleasure to explore the possibilities from pleasure, to business yachting ventures and beyond with you.

Started in March 2016, Tethys' team of highly skilled professionals aims to offer its clients an unforgettable experience on board, combining high standard of finishings, comfort and safety.

With Tethys Yachts, attention to every detail is key to the design and construction of their handcrafted vessels. Striving for quality and safety, their aim is to deliver the best to you, our most selected and demanding clientes, who, like us, are passionate about boats.

That's how the Tethys Yachts want to offer you state-of-the-art technology, charming and refined finishings on a combination of beauty and functionality for an unforgettable sailing experience.

Focusing on building high-end custom or semi-custom power catamaran yachts.

Striving with a firm pursuit of absolute quality, rooted in the south Pacific tradition, MOANA has always been devoted to manufacture boats with the most elegant design and state of the art techniques. Fully adaptable to our customers' needs, MOANA can be the perfect choice under any circumstance, be it a confident business trip across the ocean, a self-challenging exploration of the unknown, or a calm and relaxing holiday time with family.

A Revolutionary Yacht Sensation.

A futuristic yacht that is fully customisable and measures 24ft in length.

Capsule shaped, light weight materials. The Jet Capsule is made from 70 per cent carbon using vacuum-infusion moulding and has photochromic windows, which change their transparency in response to light intensity.

The highly advantageous weight / power ratio, unique for a transport / pleasure boat, enables the Jet Capsule to reach a top speed range from 20 to 35 knots depending on the engine configuration.

A new way to conceive true mobility on water.

OXE is the worlds first high performance diesel outboard setting new standards for durability, fuel-efficiency and low emissions for an outboard engine – built particularly with commercial users in mind.

Use of a marinized automotive diesel engine that is mounted horizontally, tested over time in line with automotive demand and proven through millions of miles in production cars. The slim submerged modules provides less drag, reduces fuel consumption and increases speed.

Encapsulating efficiency, endurance, power and control in an outboard.

TORQUEEDO

Electric outboard motors – driving technology that is clean and state-of-the-art. Quietly efficient high-tech outboards for your boat. Optimized in detail for maximum efficiency and greater range.

With leading superior drive technology that proves a strong and uncompromising focus on high-tech, careful optimisation and alignment of all components of the drive train.

For many years, Torqeedo has led the way in safety and innovation for lithium batteries in marine application – the most comprehensive safety concept anywhere in the industry.
